

What is Truth?

Truth is an Absolute Fact of Eternal Reality. It is, and shall forever be established, a Creative Law or principle for all life to exist. In the same manner that fundamental laws in nature, or any field of science or mathematics are absolute and never changed – God's Spiritual Truth and His Creative Laws were established as Eternal Reality when He spoke the universe into existence and created mankind.

God's Spiritual Truth and Creative Laws do not depend upon your belief in their existence to be true, they are true in their own existence and function according to their established principles of operation. Eternal Creative Laws were created to be the servant of mankind and have established forever the principles of Life. They cannot cease to exist and their principles of operation be broken or violated without consequences. God has spoken His Word into existence and His Word is Eternal Creative Law.

Where do you find Absolute Truth?

A righteous and just God would reveal Himself and His Truth to His creation and give them the knowledge and understanding of His Creative Laws. Throughout the history of man, God revealed His Laws and Promises to men and women who were true worshippers and followers of His commandments.

During the Middle Ages, between the 6th to 15th centuries, the Pope and the leaders of the Catholic church forbid the English translation of the preserved writings of the prophets of Israel and the disciples of Jesus Christ. The sentence was death.

In 1604 God inspired King James to create and establish a standard English translation that would preserve the historical writings for future generations. King James carefully selected 47 scholars who were members of the Church of England for this monumental task. They carefully studied and organized over 5400 manuscripts in Greek, Hebrew and Aramaic which had been preserved in Antioch, then translated them into English for the common man. The Authorized King James Bible is a preserved collection of first-hand witness testimony of the works of God demonstrated by Jesus of Nazareth and the eye-witness accounts of his death and resurrection.
